Parent/Guardian Access to the Online MyChart Record of a Patient 
12 to 17 Years Old

Requirements and Procedures

Under State and Federal law there are certain types of medical information that the parent or guardian of a minor patient age 12-17 may not view without consent of the minor patient. Because of these requirements, a parent or legal guardian may access the online MyChart record of a patient 12-17 years old only with the patient’s consent. Both the child aged 12-17 and the parent/legal guardian must sign the attached form (below).

Requirements for accessing a child’s record:

➢ Parent or guardian requesting access must have legal guardianship rights
➢ Parent/Guardian Access Authorization form must be completed and signed
➢ Each parent or individual requesting access must have his/her own MyChart account.

I understand that:

➢ I must have a MyChart account
➢ I must log in to MyChart with my own User ID & Password
➢ I must click on ‘My Family’s Records’ to access my child’s medical information
➢ I agree to abide by the terms and conditions of the MyChart site
➢ MyChart is not to be used in emergency situations. If I have a medical emergency or have a question about medical care or treatment, I will contact my health care provider directly.
➢ This site is not a substitute for appropriate and timely contact with my physician.

Parent/Legal Guardian access to a child’s record is revoked when:

➢ Parent/legal guardian or patient submits a request to revoke online access
➢ Patient turns 18 years old
➢ Patient advises Ann & Robert H. Lurie Children’s Hospital of Chicago or his/her independent physician practice of emancipated status
➢ Parent/parent or parent/patient access disputes cannot be resolved

Communications on behalf of the patient must be sent from the patient’s record; responses will be posted in the patient's record. MyChart e-mail alerts will be sent to the e-mail address entered in the patient’s record.

If you already have a MyChart account, you will receive a letter notifying you that access to the patient’s record is available, typically 5-7 business days. You will be granted access to the record only after the completed Parent/Guardian Authorization form is received.

If you do not have a MyChart account, upon submitting your electronic request a MyChart Activation Letter with Access Code and instructions will be mailed to you typically in 5-7 business days. Access to MyChart will be accessible upon Lurie Children’s or your independent physician practice receiving the completed Parent/Guardian Authorization form. If you do not activate your account within 60 days after receiving your MyChart Activation Letter, your account will be inactivated.
