Guardian/ Power of Attorney Access to the Online MyChart Record of a Patient Age 12 or Older

Requirements and Procedures

If a patient is 12 or over and does not have capacity to sign the authorization, the patient’s authorized representative such as a legal guardian or a person with legal authority may sign and access the patient’s online MyChart. This request must be accompanied by a copy of the legal paperwork verifying the authority of the patient’s personal representative (i.e. birth certificate, court order, power of attorney for health care).

Requirements for accessing a patient’s record:

- Individual requesting access must have legal guardianship or other authorization to act on behalf of the patient
- Guardian/POA Access Authorization form must be completed and signed
- Appropriate Guardianship, Power of Attorney or other documentation must be provided
- Each individual requesting access must have his or her own MyChart account
- Should Guardianship or your authority to act on behalf of the patient be revoked or limited you are responsible to report this information immediately to Ann & Robert H. Lurie Children’s Hospital of Chicago or your independent physician practice

I understand that:

- I must have a MyChart account
- I must log in to MyChart with my own User ID & Password
- I must click on ‘My Family’s Records’ to access the patient’s medical information
- I agree to abide by the terms and conditions of the MyChart site
- **MyChart is not appropriate to be used in emergency situations.**

Legal Guardian/POA access to a patient’s record is revoked when:

- MyChart access to the patient’s record will be revoked when/if Guardianship changes or other rights expire or are terminated
- Legal Guardian or patient access disputes cannot be resolved

Communications on behalf of the patient must be sent from the patient’s record; responses will be posted in the patient’s record. MyChart e-mail alerts will be sent to the e-mail address entered in the patient’s record.

If you already have a MyChart account, you will receive a letter notifying you that access to the patient’s record is available, typically 5-7 business days. You will be granted access to the record only after the Guardian/Power of Attorney Access Authorization form and any other required documentation is received.

If you do not have a MyChart account, upon submitting your electronic request a MyChart Activation Letter with Access Code and instructions will be mailed to you typically in 5-7 business days. Access to MyChart will be granted upon Lurie Children’s or your independent physician practice receiving the completed Guardian/Power of Attorney Access Authorization. If you do not activate your account within 60 days after receiving your MyChart Activation Letter, the patient’s account will be inactivated.
Guardian/Power of Attorney Access to the Online MyChart Record of a Patient Age 12 or Older - Authorization Form

Please enter Patient’s information below:

Patient’s Name: ____________________________________ Date of Birth: _____________________________

Address: _________________________________________ Gender: _________ Male _________ Female
